

EDMONDS

SPECIALIST JOINERY AND ARCHITECTURAL METALWORK

MUSEUMS & ART GALLERIES

Edmonds have a long history of completing bespoke works for Museums and Art Galleries since the Companies founding in 1870. Works carried out include stainless steel display points, display cases (in timber or stainless steel), reception counters and furniture.

In the second half of the 20th Century the Company also manufactured and sold Varedplan museum display cases , with over 4000 being sold worldwide.
